Letter No.6950-6956-36, dated the 3rd October 1910, from the Under Secretary to the Government of India, Department of Commerce and Industry (Practical Arts and Museums).

I am directed to invite a reference to the correspondence ending with the endorsement from this Department No.7407-7414-17, dated the 4th October 1909, relating to the Conference of Curators of Museums in India.

2. I am to forward copy of a letter from the Standing Committee, Museums Conference, No.1628, dated the 8th September 1910, in which they propose that the Conference which should, in accordance with the decision arrived at in Order 1909, be convened during the next cold weather may be postponed till the cold weather of 1911-1912. The Government of India have no objection to the proposal, and I am to enquire whether it meets with your approval.

Letter No.1628, dated the 8th September 1910, from the Secretary, Standing Committee, Museums Conference, (Natural History Section) to the Secretary to the Government of India, Department of Commerce and Industry.

In continuation of the correspondence ending with your endorsement No.1128-17, dated the 9th February 1910, I have the honour by direction of the Standing Museums Committee to address you as regards the Museum Conference that it is proposed to hold next cold weather (see Resolution Nos.XXVIII-XXXII of the Museum Conference, 1907).

2. The Committee, having considered the question of the Conference from all points of view, are of the opinion that it would be better to postpone the next meeting of the Conference till the cold weather of 1911-1912, and then to hold it in Calcutta. As, however, they are unable to say whether this proposal would meet with the approval of the Local Governments and Native States, they would esteem it a favour if you would consult the Governments and Durbars concerned as regards this point.

3. The Committee's reason for making these proposals are as follows:-

(i) The reorganization of the central (Indian) museum to which constant reference was made in the report of the first conference is still in progress, and the committee are of the opinion that a second conference would be more profitable after its completion than at the present stage. They think also that it would be as well for the delegates to have an opporunity of judging for themselves of the changes carried out with the approval of the Conference of 1907.

(ii) The officers of the Indian Museum have been engaged and still are engaged with details of the reorganization entailed by these changes and have therefore been unable to -- carry out as yet the proposals made in Resolutions ~~II, III~~,

(3)

II, III, V, XV and XXI of the Conference of 1907.

4. The Committee desire to express their opinion that the Conference of 1907 has greatly facilitated an exchange of specimens and opinions, at any rate so far as zoological collections are concerned, and that a second Conference, when the time is ripe, would therefore be in the interest of all concerned.

5. In conclusion, I am to invite your attention to the fact that the State of Travancore, which maintains at Trivandrum one of the best local museums in India, was apparently not invited to take part in the last conference.
